

clined to speak in the order before receiving it, but an officer of the company said that members of the commission were prejudiced, and the report was not a surprise. The commission's report on the roadbed, track and rails is an imposing document, and it amounts to a "condemnation of the Missouri Pacific."

The commission made a flattering report on the Frisco, but ordered the road improved.

Three-Bagger by Cates Gives  
Oakland the Game.

Dillon Scores Only Runs for  
Los Angeles Team.

Gray Replaces Carnes, but  
Also Is Ineffective.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, July 16.—(Exclusive Dispatch.) With a start that indicated nothing out of the ordinary, the Angels commenced proceedings against Oakland at Freeman's Park this afternoon, and up to the ninth inning were never headed in the race for the honors of the day.

The southern advantage of two runs was not sufficient to insure the heat of the score, however, and in the frame that is on most occasions the final round at the bat, the Commuters broke into the tally column, assisted by Delmas's error and a well-placed three-bagger by Cates, which was instrumental in scoring Haley.

Carnes, who previous to this had pitched fairly good ball for Los Angeles, developed a case of near-sight-ness, and in his efforts to send over an accurate offering dug up the ground in front of the plate, with the result that Cates came home while the Los Angeles catcher was endeavoring to capture the ball in the vicinity of the home base.

In the second inning, Dillon managed to clip off a three-bagger, and Hogan, in his anxiety to prevent any further bombardment, walked Nagle. Delmas helped the situation with a timely hit that scored the southern captain.

Affairs progressed without anything startling until the sixth. With two out in the sixth, Dillon came again to the assistance of his team by connecting for one. Cravath placed the ball in a locality that enabled Dillon to make the second run credited by his aggregation.

The Oaks continued to hit as well as their opponents, and this time the honors were even, but it was not until the last change came around that they were successful in sending a runner around the circuit.

Delmas, with whom Dillon replaced Carnes, was no more effective than his team-mate and walked Hogan, the first man to face him.

In the tenth Eagan and Dashwood took advantage of his delivery and were permitted to take positions as first and second, respectively.

While trying to accommodate Haley, Gray threw the ball away and Eagan was chalked with the winning run.

The score:

## ANS ON WAITING LIST.

After Fight Jimmy Burns Is Present Time.

Tommy Burns Is Here Tomorrow.

McCarney has refused to consider the fight, "at present."

McCarney has received from San Francisco a letter offering a \$10,000 purse for a fight here between Jimmy Burns and Tommy Burns.

McCarney's solution of this refusal is that he is waiting for the fight of the Nelson-Britt scrap in July 20, when he will be able to take on the winner of the fight.

Joe is about out of the must fight soon and doubtless that a fight with Britt or Nelson will bring him more money than he has ever made.

McCarney is much easier than he is made out to be. He certainly would run down and make the match quickly.

McCarney would do or not do as he pleased, is unknown, but several sports in this city think Burns is very near the top of the list.

McCarney said yesterday he would bet \$25,000 and Al Greco's name amount, that Jimmy Burns would beat either Britt or Nelson.

Tommy Burns would make a good fight, but he is not a fighter. This kind of a side show would make a noise like a falling down hill and added to the share of the purse, should be made to make the fight.

McCarney is a man who is not to be trifled with. He is a man who is not to be trifled with. He is a man who is not to be trifled with.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DEPUTIES RESCUE RACE TRACK GUNNER

BY THE ASSOCIATED PRESS—P.M.] BUTTE (Mont.) July 16.—Only by the prompt arrival of Deputy Sheriffs was a prominent horseman named Remus of Rioridan and Mulcahy, following the races here, saved from rough handling at the course, this morning, after he had shot and seriously wounded J. H. Brannan, another horseman.

Brannan and Remus quarreled yesterday over entries. Remus came upon last night and bought a revolver, and meeting Brannan at the Paddock shortly after breakfast, today, shot him in the groin.

Brannan was unarmed, and the bystanders and his friends speedily besieged Remus in the grand stand, whence he was rescued by deputies and brought uptown to jail. Both can own horses racing here.

SETS NEW RECORD.

Charles Edward Runs Fast Mile and Furlong With Weight Up at Brighton Beach.

BY THE ASSOCIATED PRESS—P.M.] NEW YORK, July 16.—Charles Edward, carrying 126 pounds, made a new world's record for the mile and a furlong when he won the Seagate Stakes at Brighton Beach, today. The son of Golden Carter-Flora ran the distance in 1:50 2-5, which is two-fifths of a second faster than the best previous time, made by Bonhibert, a four-year-old which carried 120 pounds, July 20, 1902. Results:

One mile and a sixteenth: Royal Ben won, Star Cat second, Sonoma Belle third; time 1:46 2-5.

Six furlongs: Rialto won, Black Oak second, King Sol third; time 1:14.

One mile and a sixteenth: Yorkist won, Cutter second, Miss Boyle third; time 1:46.

The Seagate Stakes: One mile and a furlong: Charles Edward won, Dinn Ken second, Montfort third; time 1:50 2-5.

Five and a half furlongs: Please won, He Knows second, Banya third; time 1:06 2-5.

Six furlongs: Berwick won, Trouble-maker second, Escutcheon third; time 1:12 2-5.

**Sacred Service.**  
The Episcopal St. Peter's will hold a service of sacred service at 8 o'clock, Sunday, July 11, at the Episcopal Church, on Broadway street, at the corner of Broadway and Broadway.

**Complaints Continue.**  
Complaints continue to come into the United States Land Office concerning the restraint of passage to and from lands situated beyond the Malibu ranch property. These complaints are referred in order to a special commissioner, who passes them on to the General Land Office.

**Brooklynites Curious.**  
The Brooklyn League is scheduled to arrive here on September 11, and its members will spend some time in Southern California. The league is composed of representatives from Brooklyn, who are traveling to learn something of the conditions existing in different parts of the country.

**Endeavors Coming.**  
At least two state delegations, when returning home from the National Christian Endeavor convention at Seattle, will visit Los Angeles. On Friday the Ohio delegation will arrive here and on the next day the New York delegation will arrive. The Ohio delegation is one of the largest that attended the convention. It fills three cars. The New Yorkers have two cars.

**Fraternal Anniversary.**  
This evening at Alhambra Hall, Brotherhood Building, the first anniversary of the founding of the Alhambra Hall, will be celebrated. A comedy in two acts will be given on the stage, and dancing and cards will follow. All members and friends from other homes in Southern California are invited. The meeting is open to the public, and 1000 invitations have been issued.

**Savage Escapes.**  
Complaints sworn to by Wiley Phillips, charging Tom Savage with being a keeper of disorderly houses, were dismissed yesterday for lack of evidence. The case, which was first tried a number of weeks ago and ended in a disagreement of the jury, was to have been retried in the next week. Complaints against Charles Stack and George Armstrong, alleged proprietors of disorderly houses in the Tenderloin district, were also dismissed.

**Hurled by Revolving Shaft.**  
Caught in the revolving shaft under the polishing table in the Freres Art Glass Company's work at 1100 Broadway and Alameda streets, D. Geroni made one revolution and was hurled several feet, yesterday afternoon. His clothing was stripped from him in shreds, and his shoulder dislocated. He sustained severe bruises on the body, but will recover, closing a revolving window near the shaft when his can was apron was caught in the machinery.

**Tangle in Bankruptcy.**  
Suits brought in the United States District Court yesterday by William H. Cobb, Jr., as trustee in the bankruptcy matter of Julius H. Shulkey and James Morgan, Teresa M. Shulkey and W. A. Hammel, is intended to straighten out a complex creditor's tangle that extends back to Ohio. Shulkey was named in an involuntary bankruptcy petition filed in Ohio, but it was found that he owned a large portion of California mining stock, a great deal of which he transferred to his wife's name. Other creditors have received some of the stock. Hammel, as Sheriff, is named in the action that he may relieve others of Federal orders.

**Athletic Club Capitalization Increased.**  
The capital stock of the Los Angeles Athletic Club was increased from \$50,000 shares, with par value of \$50,000, to \$60,000 shares, with a par value of \$60,000, at a meeting of the stockholders yesterday. The object is to make up the necessary amount of money needed to erect the magnificent Athletic Club building, on the property owned by the club, at the northeast corner of Seventh and Olive streets. The stockholders plan to have sufficient funds to pay more than half the cost of the building. This increase of 20,000 shares will be placed on the market for subscription. All the old stock has been bought up, and there has been a considerable demand for the security on the Stock Exchange.

**Bank Workers' Meeting.**  
In the assembly hall of the Chamber of Commerce building tomorrow evening the Los Angeles Chapter, American Institute of Banking, will meet. There are 196 members, and a campaign is on to increase this to 250 by the end of the year. Details of the picnic at Playa del Rey on the 15th inst. will be discussed. Plans for a minstrel show by the chapter also will be gone into, as well as several boxes of prime cigars and refreshments. Mead of the Central Bank will address the meeting on a subject relative to the work of the bank clerk. "Fire Insurance" is the title of a paper prepared by A. A. Allen. Several questions for discussion are scheduled, such as "Why Do State Banks Become Nationalized?" "Is a Man's Credit Better Established by Paying Cash or Running an Account?"

**BREVITIES.**  
Liberal reductions are being made during our Great Removal-Exposition Sale in Boys' Wash Suits, House Waists, Wool Suits, Shirts, Hats, etc. Mothers should take advantage of the economy opportunities offered through our entire Boys' Department. Harris & Frank (Inc.), 337-341 South Spring st.

ORANGE HEARING CONTINUES.  
Complaints Finish, and the Case Will Probably Be Concluded by the Week's End.

In the orange shipment hearing now going on before Special Commissioner Frank G. Finlayson, the complainants, the California Fruit Exchange, completed their case yesterday, and the opposing testimony offered by the attorneys for the Citrus Union began.

The exchange lawyers are not cross-examining, and both parties have hopes of finishing the prolonged session this week.

A number of witnesses were called at yesterday's session, the principal one being B. A. Woodford, manager of the Fruit Exchange. Mr. Woodford is the principal witness of the complainants, and was their final man to go on the stand. He again explained the exchange's system, and recounted many facts in connection with the large orange business of Southern California. By his statement, the packing-houses in this end of the State have an easy capacity of 500 cars per day, although the average daily shipments, even in busy times, amount to only 150 cars. His testimony as a whole, of course, is intended to show that the only just method of a car distribution is based upon the holdings of growers.

From the preliminary testimony introduced by the opponents of the exchange, late yesterday, they apparently wish to prove that these methods are the workings of a fruit trust.

Shortly after 4 o'clock, adjournment was taken until 10 o'clock this morning.

## SIDES WAX HOT IN COUNTY SPLIT WAR.

### Pomona Fans the "San Antonio" Blaze, Other Sections Fight It.

San Bernardino and Glendora-Azusa-Covina Districts Linked in Common Cause to Prevent Consumption of Division Scheme—"Los Angeles" Argument of Proponents Is Denied With Much Emphasis by the Opposition.

LATEST reports are that nothing more bloody than words has been spilled in the fierce county-division fight started by Pomona and opposed by citizens of parts of Los Angeles and San Bernardino counties. The war-

Prominent men of Pomona, members of the County Division Committee, which is making active campaign for the formation of the new county of San Antonio.

fare grows more bitter every day, however, with mighty attacks and replies by either side, and the constant exchange of volleys by the "fars" and "anties" of the country press. Although Pomona's campaign for the formation of the new county of San Antonio is only in its preliminary stage, the opposition has become exceedingly strong. Both sides admit that they have a hard fight ahead. So far, the campaign has been one of "education"—Pomona boosters seeking to show the advantages to be gained by the formation of a new county (with Pomona as the county seat), and the opposition presenting an array of figures to prove that any change in present conditions will be disastrous to the taxpayers. Sentiment and the pocketbook are appealed to on both sides. A goodly section of San Bernardino and a rich portion of Los Angeles are ranged against Pomona. That is the point to the fact that Pomona, and Glendora and Covina, except that these people are misguided. While the campaign is waged hot and furious, it is only the beginning of the fight. Under the most favorable circumstances, it will be several months before the question can go to a vote of the people of the territory concerned. What is being done now is to agitate the question and, on the part of the Pomona contingent, to arouse interest

## TEN MILLIONS JUMP STANDS.

### Ward's Franchise Figures Mostly Sustained.

### Fourth Reduction Made on State Permits.

### Eldridge "Damns" in Aid of Corporations.

Ben E. Ward's assessments on all franchises "to be" issued by the State, were reduced 25 per cent yesterday evening by the County Board of Equalization. The assessments placed on local franchises, "to do," were changed in only two instances. One of these was the city franchise of the Sunset Telephone Company, whose attorney pleaded so long and hard that the franchise assessment be reduced from \$1,000,000 to \$500,000, that even the stalwart members of the board took pity on him and voted unanimously for a reduction of \$500,000 in the assessment, making it an even million.

This action created amusement, and even Chairman Patterson, who had been in melancholy and petulant mood all day, seemed in good humor at the next item, the appeal of the Edison Electric Company for a reduction of its franchise assessment, came up to be denied. The petition of the F. W. Braun Company, to have its franchise assessment reduced from \$135,000 to nothing, followed, and met the same fate. While these events were taking place, Ward, who throughout the day had fought with a veritable rhapsody of strategy and sarcasm, lay back in his chair in comfortable weariness, and on his face he wore the contented smile of the cat that has triumphed over cage-birds and eaten the canary bird.

As the last petition for a reduction of assessment on a local franchise was taken up and denied, and the work of the board was declared concluded, the mood of the Assessor changed. He checked the sudden exodus with a call to "wait a minute," and then he said: "I want to thank you for your action, and to say, 'God's blessing go with you.' I think you have done the right thing so far as it is possible for mere human beings to do it. Supervisor Patterson looked at him, blinking in surprise, and tried to make a little speech in reply; but the words did not come so glibly as they had in his frequent attempts at explaining his position in the course of the day. "I'm sure we appreciate Mr. Ward's words," he said lamely, but with more meaning than any of his voluble explanations had said. TEN MILLIONS MORE. The total reduction of assessments on all franchises assessed in this county by this year, 25 per cent, compares very well with the 35 per cent reduction of last year, aside from the fact that the valuations have been much higher. The total amount of assessments, with the work of the board all added, is nearly \$22,000,000, as against \$13,000,000 last year. The board adjourned shortly before 6 o'clock, leaving the matter of reductions to be taken up at 8:30 this morning. While representatives of corporations in the forenoon, were explaining what a wretched condition all their machinery and equipment is in for purposes of taxation—Chairman Patterson was continuously saying: "I think we had better compromise this, and make a better feeling. His manner was pleading, whereas, last year, it had been dictatorial. "We are here to arbitrate between these concerns and the Assessor," he said, at another point. "It's not pleasant to have one's word doubted," he cried out a moment later, while Ward was grilling an attorney who had said that much of the Los Angeles-Pacific Railway's machinery is worth less than scrap iron. "Everybody knows that can be true," Mr. Patterson intoned. "There is some machinery that can't be used for its iron when it is used up. The Los Angeles Electric Company was granted a reduction of the assessments on its machinery from \$722,658 to \$545,000. Supervisor Eldridge took the lead in accomplishing this and other cuts in assessments on the equipment of railroads and other concerns. His manner, blistering and jovial, was in marked contrast to that of Supervisor Patterson. Never for one moment did he appear apologetic for anything he said, and his suggestions to the board were like scornful commands. He made frequent bold references to the "solid three," and employed profanity to lead emphasis to his remarks, such as "too damn much." When the question of reducing the assessment of the machinery at Ivy station came up, Supervisor Alexander fought against the proposed reduction of \$200, though very much less than was asked. "It is not the amount," he said; "it's a matter of principle. The motion was put to the board, and Alexander insisted on roll call. Supervisor Patterson appeared to take this as a personal reflection, and protested that it would not affect his vote. The roll call carried by the usual majority of one. Thereafter Supervisor Eldridge, with a wink at Supervisor Wilson, mockingly called for the roll call on each motion of the kind, and cracked his whip about the "solid three" at each cut in the assessment of the personal property of corporations. The Union Hardware and Metal Company secured a reduction of assessment on the stock from \$238,000 to \$228,000. A reduction from \$670,000 to \$544,000 was made on the Hamburg Realty Company's property on Hill street because a depth of five feet is to be added to the street.

## ANTIS LIKE THE "MEDICINE."

### People Who Buy Stuff Supposed to Drive Out Pests Find It Has Opposite Effect.

Residents of the West End and University district are complaining of a man who sells them "ant medicine" for 25 cents a bottle, and which upon trial has proved absolutely non-effective for the removal of this disagreeable little pest. One lady on West Twenty-third street told of her experience yesterday. "He is a nice looking man," said she, "well dressed and with gray hair, probably 45 years old." She told how he gains entrance into the house and tells you that inside of three minutes after its application, the ants will go away. This lady and others have tried the stuff, and find the ants swarming in it, and over it, apparently enjoying it. It is absolutely useless for the prevention of ants entering in the house. The man tells a story of having made \$25,000 out of his "wonderful invention." The bottle has no name on it, and the seller refuses to disclose his identity, so his victims are under the strong impression that he has no license. But of course they will keep on buying.

## HATCHETMEN ARE IMPORTED.

### SAN FRANCISCO AND OREGON FURNISH FIGHTERS.

Chinese Tongues Preparing for Serious Outbreak, and Threatened Marches Keep Off the Streets in the Oriental Quarter—Bulletins and Spies Out. Eight men from the Hop Sing Tong of San Francisco were smuggled into Los Angeles early yesterday morning to aid in case of war in Chinatown between the forces of the Bin Ong and the Bing Goo tong, on the one hand, and the local division of the Hop Sing on the other. Twenty more reliable hatchet men from Oregon are on the way to Los Angeles for the same purpose, and the vigilance of the police has been redoubled. Yesterday Chinatown was alive with the news of secret sessions of the several tongs. On every street the bulletins from the tong headquarters were carefully posted. On "gambing row" several scores of the fighting element lounged about and discussed the probability of a war in whispers. The merchants whose lives have been threatened did not appear on the street. Despite the fact that members of the three tongs named are declaring that those tongs alone are fighting, there is an impression that the war, if it comes, will involve all the local Chinese organizations. Every tong in the city is in a state of agitation and not a few Chinamen are leaving the city. The merchants do not dare to aid the police, for a spy is kept on watch near the Police Station and it would be as much as a merchant's life is worth to attempt to communicate with the officers. The Gong Yue Society, which controls the big temple in Chinatown, is said to be among the organizations marked for discipline by the Hop Sing. George Lem, a wealthy merchant and president of the Chinese Chamber of Commerce, is one of the directors of this society, and his life has been threatened. Several other members of the society who have been warned of their danger have deserted Chinatown and are living in lodging-houses in other parts of the city. Yesterday morning the spies of the Bing Goo Tong received word that they might find something interesting at Tropic. They hurried out to the country. At the Southern Pacific station in Tropic they saw eight Chinamen leave the morning train from San Francisco. The men were all recognized as hatchet men. According to the reports of the spies, they were met at the station by Charlie Sing, a prominent member of the Hop Sing Tong, whose life has been threatened. He put the men in a wagon and drove them to the outskirts of Los Angeles, it is said. Several Chinese merchants yesterday stated that a certain police officer of the Chinatown squad is in the pay of the Hop Sing Tong and wears a badge bearing the emblem of that society. Yesterday Lee Ong Him, the alleged highbinder who is accused of having shot and seriously wounded Chan Mon, treasurer of the Hop Sing Company, Saturday night, was arraigned in Justice Frederickson's court. His bail was fixed at \$500, and he was returned to jail to await a preliminary examination. Many Chinamen are of the opinion that Lee Ong Him is not the man who did the shooting, but that he is not making a very hard fight to prove his innocence because he wants to give the guilty person a chance to escape. Another supposed highbinder, who was arrested Monday on a charge of carrying a concealed weapon, was arraigned yesterday in the Police Court and held for trial. D. Flores, who stabbed Sergt. Sebastian yesterday night, was arraigned yesterday in the Police Court and his bail fixed at \$1500.

## HUSBAND'S VENGEANCE.

### Accused of Beating Man Who Takes Wife to Restaurant for Dinner. Will Explain Today.

Walter Thomas, a city salesman, secured a warrant yesterday for the arrest of Albert Fleming, charging battery. Thomas looked as though he might have been a victim of a street car accident. His face was swollen, both eyes discolored and his lips were cut. He said that Monday night, in company with Mrs. Albert Fleming, wife of the alleged assailant, and Miss Madden, bookkeeper for the Bank of California, he went to the Shanghai restaurant on South Spring street and had dinner. Fleming followed them and when they left the cafe, it is charged, attacked Thomas. Fleming was arrested late yesterday afternoon. He told the officer that he had had trouble with his wife and that Thomas had caused it. He will be tried in the Police Court today.

## RED MEN INSTALL OFFICERS.

The officers-elect of the Mojave, Te-hachepi and Palm tribes, Improved Order of Red Men, were installed at Blanchard Hall last evening by the officers of the Great Council of State. Some of the Los Angeles and San Bernardino county opponents of the Pomona movement for the formation of the new county of San Antonio.

Pomona says the San Bernardino people are office-holders of that county, members of a political machine that aims to hold onto all that it has for its own good. Little is said of the opponents in Azusa, Glendora and Covina, except that these people are misguided. MACHINE OF THEIR OWN? On the other hand, both the San Bernardino and the Los Angeles county opposition claim that the Pomona people are seeking to build up a machine of their own. As for politics, members of a political machine that aims to hold onto all that it has for its own good, Little is said of the opponents in Azusa, Glendora and Covina, except that these people are misguided. While the campaign is waged hot and furious, it is only the beginning of the fight. Under the most favorable circumstances, it will be several months before the question can go to a vote of the people of the territory concerned. What is being done now is to agitate the question and, on the part of the Pomona contingent, to arouse interest

PUBLIC SERVICE.

**SUMMARY OF THE DAY.**  
Petitions were presented in the hands of the City Council yesterday asking the City Council to pass legislation requiring the street and steam railway companies to install the block-interlocking system for grade crossings, and providing that guard rails be placed on hill tracks and bridges and viaducts.

The Mayor will be seconded by the City Council today in an invitation to the American League of Municipalities to hold its next year's session in Los Angeles.

The Board of Public Works yesterday opened bids on supplying machinery for the proposed Owens River aqueduct cement plant.

Sensational charges were made yesterday in the Superior Court against F. A. Hartmann, administrator of the Guillermo Andrade estate, by counsel for Mrs. Guadalupe G. Blinn, who was the second wife of the former Mexican Consul.

AT THE CITY HALL.  
BLOCK SYSTEM  
THEIR PRAYER.

PETITIONS STARTED YESTERDAY  
FOR LEGISLATION.

Installation of Safety Devices at Grade Crossings of Electric and Steam Railroads, and Guard Rails on Bridges and Over Hills—National League Asked to Come Here.

New life has been given the movement to secure legislation by the City Council requiring the steam railway companies to install electric bells at certain steam road and wagon road crossings, and to require the street railways and steam railway companies to install the block-interlocking switch signal system, operated by a switchman from a tower, at certain places where the city electric lines cross the steam railroad on grade.

Yesterday petitions setting forth this proposition were placed in the hands of the City Council, and an active campaign is to be taken up for securing signatures to the request for action by the City Council. The project has the endorsement of at least half a dozen of the improvement associations.

The system proposed is now in use on the Glendale line at the Southern Pacific grade crossing at Tropic, and also on the Long Beach line. The points within the city at which the petitioners pray for an installation of this system are as follows:

On Aliso street, at the Alameda street crossing of the Southern Pacific Railroad.

At both crossings of the Santa Fe Railroad on the west side of the Los Angeles river.

Crossing of the Salt Lake Railroad on the east side of the Los Angeles river.

Crossing of the Pacific Electric street car on Mission road and at the crossing of the main line of the Southern Pacific near Eastlake.

Crossing of the Pacific Electric street car on Pasadena avenue at the Salt Lake Railroad crossing at Avenue 36 near the Arroyo Seco bridge.

Crossing of the Pacific Electric street car on Pasadena avenue at the Santa Fe Railroad crossing near Avenue 61, and at the Salt Lake Railroad crossing at Arroyo Seco avenue.

Crossing of the Pacific Electric street car on Macy street at Alameda street crossing of the Southern Pacific Railroad.

Two crossings of the Santa Fe Railroad on the west side of the Los Angeles river.

Crossing of the Salt Lake Railroad on the east side of the Los Angeles river.

At the Los Angeles Railway Co.'s crossings on Avenue 20 of the Salt Lake Railroad.

Crossing of the Santa Fe Railroad on the name avenue.

Los Angeles Railway Co.'s crossings on North and East Main street at each of the Southern Pacific Railway crossings at Alameda street and Redondo street (near Naud Junction station).

Crossing of the Santa Fe Railroad on the west side of the Los Angeles river.

Crossing of the Salt Lake Railroad on the east side of the Los Angeles river.

The petitioners further recommend and request that on Brooklyn avenue hill and on the Pasadena avenue hill, near Avenue 53, there be installed a guard rail on the inside, between the rails on the down-hill tracks about ten inches below the rails, and the above guard rail to be the same height and style as the other rails.

The petitioners also request that the city be made for guard rails on all street car bridges and viaducts located in the First and Ninth Wards.

It is expected that the petitioners will be ready for presentation to the City Council within the present month, and that they will receive the support of the majority of the voters of both the First and Ninth Wards, where the movement is being active.

AFTER THE JAPS.

**RESTAURANT INSPECTION.**  
Restaurant Inspector Schwegel has begun a campaign of inspection among the Japanese restaurants of this city, which is revealing conditions that are revolting. The arrest of three restaurant keepers is an indication what many of these restaurants are like. The sanitary conditions are terrible in some of these places, and that he will continue the campaign until they are all cleaned up or cleaned out.

Approximately there are 100 Japanese restaurants in Los Angeles, and under its provisions the inspector will bring up many of the Jap caterers with a sharp rap. He declares that many of these restaurants are simply "pigs," and that the food served there is vile. Roasted fish, vermin-infested refrigerators and close proximity of open toilets to places where food is prepared are some of the conditions spoken of by the inspector.

CEMENT MACHINERY.

**BOARD RECEIVES BIDS.**  
The Board of Public Works yesterday received bids for furnishing a steam electric power plant for the proposed Owens River aqueduct cement works. The Pacific Coast Manufacturing Company proposed to make this installation of a block-interlocking switch signal system, operated by a switchman from a tower, at certain places where the city electric lines cross the steam railroad on grade.

With a fight, which he insisted was precipitated by Mrs. Saren.

The lady herself declaring that the old man had attacked and kicked her, had sworn to a complaint charging assault with intent to do great bodily harm. Mitchell would not back down, and said, contracted pneumonia before he could sell his property to supply bail.

Mitchell had pleaded not guilty to the felony charge, but yesterday he accepted the plea of guilty to holding his next session here.

It is claimed that much good would result to Los Angeles from the visit of these students of municipal government. It is at that particular period, as the framing of a new city charter will be under way, and the benefit of their advice from such sources would be well worth having.

In the League of American Municipalities there are thirty-six States represented, and this includes practically all the large cities of the United States. Los Angeles will send six delegates to the meeting next September.

**Help for War Widow.**  
Mayor Harper's secretary, Herbert Kennedy, has a case in hand to which he desires to call the attention of some charitable disposed persons. There are five dollars is desired to complete the purchase of a railroad ticket to Norfolk, Va., for an aged widow of a Civil War victim. The Associated Charities have agreed to stand half the cost of the ticket, and Kennedy will give detailed information regarding the case to any one who wants to help with the balance of cash needed. The woman came to Los Angeles to see her son, who has become a helpless invalid and who has been sent to Nevada. She now wants to get back to her relatives at Norfolk.

**Mayor Back Today.**  
The Mayor and his company of nine men will return to official duties at the City Hall today, after a hunting trip of several days. President Peace of the City Council has been holding the Mayor's chair during his absence.

**AT THE COURTHOUSE.**  
**CONSPIRACY TO LOOT CHARGED.**  
**ADMINISTRATOR IS ACCUSED BY HEIR'S ATTORNEY.**

Court, However, Gives Him Permission to Sell Property Forming Part of Estate of Former Mexican Consul, but He Must Render an Accounting for Last Two Years.

Sensational charges were made yesterday in the Probate Department of the Superior Court in the hearing of a protest against the sale of property forming a part of the estate of Gen. Guillermo Andrade, former Mexican Consul here, who died in the City of Mexico two years ago.

Andrade's second wife, who since his death married the only son of L. W. Blinn, was the petitioner, through her attorney, T. K. Kase.

The petition was in regard to a minor matter, but in his argument Kase charged that a conspiracy exists to loot the estate, and accused the administrator, F. A. Hartmann, one of the trustees of the estate, of being a party to the alleged intended frauds, in collusion with other heirs to the estate.

Mrs. Blinn and her counsel lost the specific point at issue yesterday, regarding the sale of certain stocks and bonds by the administrator, an order being made by the court allowing the sale, after Mr. Hartmann had made an explanation.

The administrator stated that, through his interest in the Hoegge company, he is a large bank customer, and that he had consulted with his bankers about the proposed sale of the Pacific Light and Power Company.

Attorney Kase maintained that Mr. Hartmann had neglected to obey the order of the court, given in February, to dispose of the stocks and bonds by the estate, the inventory value of which was \$100,000, in order to make the 20 per cent. distribution to the heirs.

The hearing of the case was adjourned until tomorrow, when it was expected that the administrator would have made an explanation.

**GETS CUE FROM COURT.**  
Ponn Hong yesterday pleaded guilty in the Superior Court to grand larceny, and was sentenced to serve two years in the State Prison.

"Where's your cue?" demanded Judge Smith, before passing sentence, for the poll of the Chinese culprit was well covered with bristly black hair.

"I think you are the first Chinaman who has ever been before me on a larceny charge," said the judge. "Are you a Christian?"

The Chinaman was employed as porter in a saloon belonging to W. J. Macnamara, who was a watch dog hanging from the pocket of the proprietor's vest, and had appropriated the watch.

**OLD MAN VS. WOMAN.**  
**HENHOUSE PLAYS PART.**

Because of a difficulty with Mrs. Betty Saren yesterday, J. S. Mitchell yesterday was fined \$50 by Judge Smith. The fine appears to have been the least of his troubles in connection with the case.

Delay, delay, delay is the constant song. A prominent manufacturer of pipe, tubing, casing, drive-pipe, all kinds of goods are delayed. When the factories get the articles shipped, the railroads and the druggists and the wholesalers are delayed, and again it is the same old story—delay, delay, delay.

The writer has been informed that the pipe trust is making things unpleasant for all who are obliged to use that article in their business, also for those who are engaged in obtaining orders and filling them. The difficulty is that it is utterly impossible to tell when an article ordered will turn up.

The customer has simply to place his order, then wait for it to come, and wait; ditto the man who has taken and placed the order.

dissected as follows by the opposition

in San Bernardino county:

"If the question of the organization

of the new county of San Antonio is to

be decided by the figures submitted,

the Pomona people are depending upon

extremely weak support. A careful

investigation of their figures and es-

timates makes it evident that they

are wide of the mark—even as erro-

neous as those they originally put

out, charging the San Bernardino

superior with juggling the road funds,

to the disadvantage of the west end of

San Bernardino county—a statement

which they apologized for and with-

drew before it had been issued ten days.

In their published statements they

have claimed that the new county can

easily be maintained on less than \$50,-

000 per annum. To be exact, they say:

"On the basis of last year's valuation,

the total assessed valuation in the

new county is \$11,665,000. A flat rate

of 10 cents on the \$100 will produce a

revenue for the county government

amounting to \$54,800. This sum makes

a still more liberal allowance for ex-

pense at the discretion of your su-

perisors."

"County Auditor W. D. Wagner of

San Bernardino county, who has been

into the subject at length, declares

that the ordinary annual expenses of

operating the proposed county of San

Antonio will be \$136,782.27, not in-

cidental, nor special tax. Roads, for

instance, he multiplies the Pomona

estimate of \$40,000 for the year, and

by almost exactly four, which would

mean a big bonded indebtedness

—and for what?"

About China's Attitude.

Charles A. Gardner writes regarding

the meeting at China Monday night,

saying that none of the speakers

reported in yesterday's Times live at

China. He also says that the senti-

ment of the Chinese people is generally

favorable to county division.

TO DYING MAN.

LATTER SHOWS HIS GRATITUDE

AT YUMA.

Takes This Means of Testifying to

His Appreciation of Her Services

and Assuring Her a Share in His

Estate—Indian Shot by Officer

Likely to Die.

SPECIAL CORRESPONDENCE OF THE TIMES.

YUMA (Ariz.) July 15.—Wednesday,

on a ranch near Yuma, was performed

a wedding ceremony that had in it

little of joy, for it joined a dying man

to the nurse who had attended him

faithfully, and used by P. J. Dreher, here

John F. Butterfield, a Kentuckian,

who came here as a last resort to stay

the ravages of consumption, bringing

with him a nurse. But climate and

good care were not enough for a cure,

and the man now appreciates that he

is on the verge of death. To testify

his appreciation of the services of the

woman who had ministered to him

and to insure her a share in his estate

he gained her consent to marriage.

The ceremony was performed by Prob-

ate Judge Godfrey, in the keen satis-

faction of the dying man, who was

propped up in his bed with pillows

that he might make the necessary re-

sponses.

Jennie Bloom was the banner bearer for big scores turned in yesterday. She is chasing that Pasadena boy and if he doesn't look out Jennie will crowd him out at seventh perch he held onto in spite of the storm of subscriptions that struck the office Saturday. Jennie has been working like a little trooper. She is not seen much at headquarters these days, but she is being heard from with great regularity.

Helen Wilson of Whittier brought in a big bunch of subscriptions, too, and rises into the 20,000 row. A picture of Miss Helen appears this morning. She is a beautiful girl of 18, and is a senior in the Whittier High School the coming year. She entered the contest with the plan of winning the prize piano. Yesterday she came into town and went up to the Birkel Music Company to take a look at the piano which is exhibited in their show window this week. Many other contestants went to see it, too, and one and all pronounced it a beauty and well worth the effort to win.

WATCH THEM RUN.  
Chonita Palomares is about the liveliest one in the contest. There is no repressing her. About once in 100 she turns in a big bunch of subscriptions. She and Muriel Eells are running a neck and neck race. Muriel turned in no score yesterday and Chonita comes within 55 points of catching her this morning.

Alice Chapel, that steady, quiet little worker, brought in over 1100 points yesterday and rises this morning. In the shape of a new annual subscription and the thousands points puts her up four rows.  
Percy Hamilton and Elwyn Van Zandt and Ralph Warren follow suit. There is considerable switching since the general shake-up. Wallie Swain gets the place in the young Chinese musician but Moon will have it back one of these days. Everybody has their ups and downs—it would not be a contest if they didn't and it is interesting to watch the young folks rise

and fall. It's a brave heart that can take a tumble philosophically and pick himself up and join the procession again. That's life. Full of ups and downs and the sooner we learn to accept it with a smile of good cheer, the happier we'll be.

A CENTRAL AVENUE GIRL.  
Mabel Gordon of Central Avenue turned in a splendid score of more than a thousand points yesterday. Mabel is a good worker and she has built up her score alone. A little help would encourage her, and help get her into the row of 20's that she is trying for. Her picture appears this morning.

SEE HER CLIMB.  
Virginia Stivers ought to be pretty happy this morning. She is in the third bottom rung of the ladder so far behind that pretty soon she'll not be able to see it without the aid of a pair of glasses. She shows up on the 35th rung this morning, thank you, and she's still climbing. If that sprightly grandmother keeps going along with her on her thousand point climb, she will be scotching up the ladder at a still higher rate of speed. She has made eight runs in two days.

OUR MAIL BAG.  
Edna Waggoner of Glendora, again remembers her namesake Edna Waggoner, with a bunch of coupons. She did the same last year and she writes a nice little note to Edna.  
A bunch of coupons comes from Upland for Ben Hitchcock and Charles E. Bevens, an old soldier, sends Ben a vote in the shape of a coupon, and Mrs. E. H. Catlin of Carpentaria sends a big bunch of coupons to Margaret Chung and writes that she is most interested in the success of this year's contest. She adds a personal letter from her as to her desires for an education. I think I will be able to do more for her. In August I will have a new subscription and more coupons for her.  
Stanley Tolley has received some interesting letters from people who want to help him along. A lady from La

MABEL GORDON.

Canada writes him that she wants him to know that he has a helper in that little valley. "Each year," she writes, "the families up here have helped some contestant all we could with our subscriptions and coupons, and each year, the little friend we helped was a prize winner, and I hope to see you in the lead. I am a stranger to you, but when I am in the city I shall go to The Times office and leave our subscription for you. Hoping to see you always the true blue, I am, sincerely your friend,  
"MRS. J. L. SCHEFFELIN."

A little boy from Riverside, Carl Michie, writes Stanley that he is in his favor, and means to "hustle round" on his account. Stanley is "hustling" on his own account all right, and is crawling right up after Ben Hitchcock. Since the Long Beach candidate has dropped out of the contest Stanley has been canvassing down there and has done a good business at that seaside city with a prospect of more.

MORE SPECIAL PRIZES.  
The special prizes offered for the largest number of points from new subscriptions for the two weeks from July 15 to 17, inclusive, are most attractive. To the girl who turns in the largest score from approved new subscriptions will be given a high-grade tennis racket, and the boy who wins out will receive a track suit consisting of running shoes with spiked soles, trousers, and a checkered shirt. All these athletic goods are of the celebrated Spalding make and are from the Traffic-Lyons Arms Company, that general distributing depot for all sporting and athletic goods.

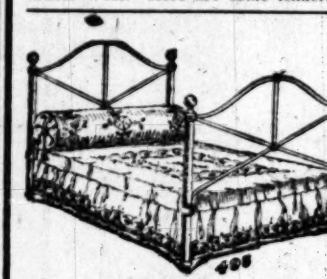

ELLEN BEACH YAW WRITES.  
"Miss Irene Wade has a wonderfully sweet soprano voice and is a special protégé of Ellen Beach Yaw. She will make her debut at Miss Yaw's concert tomorrow evening at the Long Beach Chautauque. Yesterday the scholarship manager yesterday received the following list of girls of paper.

Canada writes him that she wants him to know that he has a helper in that little valley. "Each year," she writes, "the families up here have helped some contestant all we could with our subscriptions and coupons, and each year, the little friend we helped was a prize winner, and I hope to see you in the lead. I am a stranger to you, but when I am in the city I shall go to The Times office and leave our subscription for you. Hoping to see you always the true blue, I am, sincerely your friend,

A little boy from Riverside, Carl Michie, writes Stanley that he is in his favor, and means to "hustle round" on his account. Stanley is "hustling" on his own account all right, and is crawling right up after Ben Hitchcock. Since the Long Beach candidate has dropped out of the contest Stanley has been canvassing down there and has done a good business at that seaside city with a prospect of more.

BEVERLY  
HILLS

## Fine Homes Are Springing Up

The past month has brought wonderful changes to Beverly Hills. One of the parks is already profuse with flowers and shrubs. The water garden—a miniature lake—with its water lilies and gold fish is a pleasing artistic touch that is sure to interest you.

Work is progressing on two of the other parks. Huge palms have been set out. The splendid soil and inexhaustible water supply are indicated by the flourishing green lawns.

If the native charms of California appeal to you—sunshine tempered with ocean breezes—a commanding view of the picturesque foothills and mountains—if you seek such a location where every conceivable improvement and convenience has been provided—visit Beverly Hills at your earliest convenience.

The new subway will bring Beverly Hills closer to your business office than the outskirts of Los Angeles.

It is not necessary to wait for the subway to be completed. The present car facilities are excellent and the homes already under construction assure you that the district will be well built up with fine homes before another 12 months have passed.

Prices and terms will interest you.

SHE LAUGHS AT  
DIVORCE STORY.

MRS. MAGILL DECLARES THAT IT IS ABSURD.

Illinois Sheriff on Way to San Diego to Get Husband, Who Waives Extradition Proceedings — Couple Have No Privileges in Jail Except in Matter of Food.

(BY DIRECT WIRE TO THE TIMES.)

SAN DIEGO, July 16.—[Exclusive Dispatch.] At the County Jail today Mrs. Frederick H. Magill laughed heartily when informed by Attorney Eugene Daney of the newspaper story, sent out from the Middle West, to the effect that she had taken steps to secure a divorce.

"What will they say next about us?" she said. "This is the most absurd story to date."

Magill and his wife have no special privileges at the jail, except that they are allowed to have their meals brought to them, Magill paying well for the service.

Sheriff Campbell of Clinton, Ill., is expected to arrive here Thursday.

Chief of Police Moulton received a telegram from him this forenoon, asking whether Magill was willing to go back without extradition proceedings.

The message was dated at Geneseo, Kan., showing that the Sheriff didn't receive the telegram sent him by Attorney Daney at the request of Magill. A reply to Sheriff Campbell's message was forwarded to Pueblo, Col. It will probably change his plans about going to Sacramento and he is expected to come direct to San Diego.

LYNCHING FEARED.

CITIZENS' MOOD DANGEROUS.

(BY DIRECT WIRE TO THE TIMES.)

CLINTON (Ill.) July 16.—[Exclusive Dispatch.] Fearing that Frederick Magill, who, with his wife, Mrs. Fay E. Graham Magill, is now under arrest at San Diego, will be lynched on his return to Clinton, Assistant State's Attorney E. B. Mitchell, who returned to the city from Chicago today, engaged a score of private detectives to protect the man from the violence of citizens when he arrives here next week.

It was learned that the accused man and his wife are expected to arrive in Clinton at 2:30 o'clock in the morning, and that the authorities intend to have the prisoner removed from the train at the jail.

It is reported that Mrs. Elizabeth Louise Magill, mother of Frederick Magill, will refuse financial aid to her son. This decision was reached by the heartbroken mother after she had been given the details of her son's alleged escapades. Champagne parties and dances at Weldon Springs were participated in, it is alleged, by Magill, his daughter, and Fay E. Graham.

The whitom bank official is an expert musician and led the orchestra at the Weldon Springs dance. It is declared, one week after the death of his wife. A champagne dinner was given at the Magill home. It is asserted, within twenty-four hours after the death of Mrs. Fay Magill.

First Pipe Shipment.

BAKERSFIELD, July 16.—It is hoped to run the first shipment of oil through the recently completed Standard Oil Company's pipe line into the Midway fields, within a week. A water well has been struck for pumping purposes as soon as the pumping machinery is installed the filling of the large contract made by the producers of the field with the Standard last February will be begun. The main line is of eight-inch pipe, while the branch lines are six-inch.

The Florence company with its substantial increases later, and is expected to be ready for sale to handle the property. It is now in a 225,000-gallon still and distilling plant, a sixty-horse power, 200-horse boiler, and a 200-horse electric plant.

The completion of the plant is being done on a contract, the present production is being left to the lessees who are

giving a good account of the oil. Little Florence, the chief lease to date, is marketing a daily average of sixty-five tons of ore that runs from \$200 to \$250 per ton and will soon average 100 tons daily of richer ore. Settlement upon eleven cars showed a per-ton value of \$170 for five and \$225 for six, but the choice ore, taken from the south drift on the 250 level and running up to \$280 per ton, is being stored in bank vaults, among them frequent specimens worth \$40,000 per ton. Puffing of little lots like this enabled high-graders recently detected to carry away \$100 to the man in their pockets each shift. This ore is exposed in three separate places, where the ledge is about three feet wide. The main shaft on the Little Florence has reached a depth of 240 feet and at the 268-foot point a crosscut will drive for the ledge 100 feet below its rich exposure on the Mohawk Florence, a sub-lease of the Little Little Florence is experimenting with the Shuman dry concentrating process for which is claimed the ability to throw the values of twenty-tons into one.

At the 160-foot level on the Florence Ledge lease there is \$900 ore in evidence, but not yet in place.

AT DIAMONDFIELD.

The three claims of the Goldfield Daisy Mining syndicate are the present star performers at the Diamondfield portion of Goldfield district and bid fair to equal with a like amount of development the camp's most famed notables to the south of the section. The greatest strike made there for many moons was the late revelation at the lease of the Daisy Leasing and Mining Company, commonly known as the Todd lease, having blocks 1, 2, 3 and 4 on Daisy No. 1 claim, about four acres, the right running until July of 1908. This lease has a shaft going down for the 300 level between the main company shaft of the Daisy and the Great Bend, both shippers, and within the first month of its activity it sent to market twelve tons of ore that was worth \$517.47. Recently a crosscut was started for the vein on the 250 level and at forty feet it has caught the ledge. Average samples of twelve feet of the width of the vein yielded an assay of \$84 gold and \$13.11 silver, a total of \$97.11 per ton, while two feet of the lead gives an average assay of \$163 gold and \$13.25 silver, or \$181.25 per ton. The richest ore is syvanite of identical the same character as that which provided the famed shipments from the January claim, noted by the Consolidated Mines Company and the most important feature of the strike is that it proves the extension of Goldfield's high-grade belt to the confines of the Diamondfield section.

By aid of the newly installed compressor the big force employed at the Mayflower mine at Rhyolite is making phenomenal headway in extending the north and south drifts on the 300-foot level and dropping the main shaft for the 400. The drifts, whose aggregate length is about 150 feet, fail to expose the width of the ledge, known to exceed seven feet, and the faces are both fine ore. When the 400 level is reached there will run about it crosscuts and drifts, lateral development also continuing a hundred feet above.

## EVENTS IN LOCAL SOCIETY.

**LAST** evening at a charmingly-appointed party, Mr. and Mrs. Z. G. Peck of No. 644 West Eighteenth street announced the engagement of their son, Garland Peck, to Miss Elizabeth Herrick, an acknowledged beauty of San Francisco society.

The announcement caused a flutter of surprise among the young guests, and the handsome couple were showered with congratulations. Mr. Peck is a well-known young real estate man here and Miss Herrick is a San Francisco girl, daughter of Dr. and Mrs. S. H. Herrick of that place. She has been acknowledged by critics to be one of the most beautiful girls of the northern metropolis. Brown eyes and

Miss Bowers Honored.

Miss Maude Scott of No. 1910 Harvard Boulevard was hostess yesterday at a distinctive little tea given in compliment to Miss Jessie Bowers of Berkeley, who is a member of Delta Delta Delta sorority there, as is Miss Scott. Pink sweet peas and knots of pink satin ribbon were charmingly utilized in the table decorations for the afternoon.

Those who were invited for the afternoon included members of the Delta Delta Delta sorority and were: Miss John J. Abramson, Mary Codrington, Daim, C. C. C. Tatum, Royal Booth, Ethel

only a few witnesses were present. The bride is a lovely young girl, with many friends, and the groom is a prominent young business man of Santa Ana. Mrs. Metzger with her son, Joseph Metzger, and other sons' wife, Mrs. Metzger and her sister, Miss Husted, and Miss Kate Hall, were enjoying a sojourn on the island, when the nuptials took place unexpectedly. Mrs. Metzger's other son married the other Miss Husted, thus the two brothers have married into the same family.

**Miss Del Valle to Leave.**  
On Thursday Miss Rey Del Valle, a charming and talented young singer, who has come here recently from the North to make her home, will leave for Europe, where she goes to Paris and Milan to study for grand opera. She will sail with Mrs. Adams and her daughter, Miss Lillian Adams, who are also on their way abroad. Miss Smith to study piano, under noted teachers. Miss Del Valle is possessed of a winning personality and has made many friends here. She is also a gifted singer, possessing a rarely sweet and beautiful soprano voice. She goes to study under contract as some of the finest teachers there have offered her lessons, which is an honor, indeed.

**Mrs. Marriner Campbell Here.**  
Mrs. Marriner Campbell, a noted singer of San Francisco, is making a short stop in this city. Mrs. Campbell is an active member of the leading women's clubs of San Francisco, having given a forceful impetus to music in the Century and California clubs this year. She has kept the musical enthusiasm, which so dominated her life, quite as much now as before the disaster, and has helped much in keeping up the reputation of the city as a musical center. She is confident of San Francisco again regaining its prestige and has nothing but praise for the bravery and courage of its musicians there, who made it possible that musical art was the first to rise from the ashes.

Mr. and Mrs. Campbell are here for a short time after visits to the Ojai Valley and Santa Paula. They are with Mr. Campbell's brother and sister, Mr. and Mrs. Hubbard J. Campbell, late acquisitions to Los Angeles society, who have bought a charming home at No. 2035 West Twenty-ninth street. Walter Chauncey Campbell is the well-known bass singer of San Francisco.

**Roses Off for Europe.**  
Mr. and Mrs. Abner L. Ross and son Rugby Ross of No. 1006 South Alvarado street, will leave on Monday for an extended European tour. They go via the Northern Pacific, making a short stop in the Yosemite and sail from New York on August 3, on the steamer "Minneapolis" direct to London.

They will visit England, France, Belgium, Holland, Germany, Switzerland, Italy and all the principal points of interest.

**Mrs. Tanner Entertains.**  
Mrs. Horace V. Tanner and her mother, Mrs. Heavens, entertained with an enjoyable musical evening recently at their home on West Twenty-fourth street. An artistic programme was presented by Mrs. Tanner, pianist, and Miss Cornelia Otten, pianist and vocalist. Those who enjoyed the evening were Mr. and Mrs. Don Johnson, Miss Cornelia Otten, Miss Florence Sherif, Miss Elsie Warner, Mrs. Charles Babcock, Mrs. Anna Johnson, Mr. and Mrs. E. M. Smith, Mrs. S. A. Hurlburt, Mr. and Mrs. William Sherif and Mrs. James Neil and others.

**Daffodil Club Entertained.**  
Members of the Daffodil Whist Club were delightfully entertained on Tuesday afternoon at the beautiful home of Mrs. James Watt of No. 1565 West Twenty-second street. The first prize, a beautiful hand-painted plate, was won by Mrs. Morris. Mrs. Jay won the visiting lady's prize, a hand-painted salt and pepper shaker. The meetings for the summer ended few evenings ago with a picnic at Eastlake Park, where the men were invited to participate. Dainty refresh-

**Miss Van Dorsten Entertains.**  
The Ladies Aid Society of the Boyle Heights Methodist Episcopal Church spent a very pleasant day with Mrs. Frank Van Dorsten at Ramona Acres. At noon the lunch was served on the

soft masses of golden brown hair, together with a complexion, into which San Francisco fogs have brought brilliant coloring, make her indeed striking. She is popular in social circles there, too, and has had a host of admirers, who will doubtless be sad over the announcement of her engagement. She is at present the guest of Mrs. Hotchkiss of Maple avenue.

The affair last evening was a delightful one and the house was decorated in a suggestively bridelike scheme. Pink hearts and parasols were festooned from the walls to chandeliers, forming a graceful canopy over all the rooms, and pink carnations and palms were effectively arranged. In the reception hall pepper branches and bouquets were draped and potted plants, massed with up the stairway, grew a clinging vine of joy. The dining-room was particularly effective, pink tulle love knots, soft plumose ferns and pink carnations being utilized in the effect. From a bower of greens, the punch was served from a sparkling cut-glass bowl set mid at a ring of tender green.

Progressive five hundred was played and handsome prizes were awarded. Young people who enjoyed the evening were: Misses Bettie Belle Hotchkiss, Elsie Hotchkiss, Ada Smith, Myrna Shedy, Myrtle Nelson, Maude Lawton, Pearl Webster, Mattie McCormick, Louise McCormick, Mable Shaefer, Stella Le Sage, Vera Edwards, Pearl Justus, Alice Sanders, Grace Hight, Alice Lawton and Messrs. Frank Matthews, Dr. Herbert True, C. Shedy, George Eubank, Arthur Lancaster, M. Field, Louis Fitzol, Harry Cunningham, Clarence Fitzhenry, Edward McDonald, George Gillespie, Ernest Watkins, Ellis Lady, Frank Young and Harry Allen.

**Weds Oakland Girl.**  
Many friends will be surprised and interested to learn of the marriage of Miss W. Enderlein, daughter of Mrs. Ella Enderlein, to Miss Alice Kay, a charming Oakland girl.

Mr. and Mrs. Enderlein have gone for a trip through the North, including Santa Cruz, Del Monte and other resorts. They will be at home temporarily with Mrs. Ella Enderlein, mother of the groom, at No. 636 Hayes avenue, Highland Park.

**Miss Nance's Wedding.**  
At high noon yesterday Miss Maude O. Nance, daughter of Mr. and Mrs. R. F. Nance of No. 123 Ingraham street, became the bride of A. F. Brunger, with Rev. William Horace Day officiating. The bride has lived here nearly all her life, and for the past two years has been a popular kindergarten teacher of Pomona.

The home was attractively decorated for the wedding, and in the reception hall and drawing-room apparatus and Rhonda daisies were used with refreshingly graceful effect. The couple stood beneath an improvised altar made of feathery ferns and carnations, and with love-knots of misty tulle completing the pretty effect. In the dining-room pink and white sweet peas, tulle and wedding bells contributed to the decorative scheme.

Miss Clara Boobyshel played the wedding march from "Lohengrin," and little Robert Monahan, brother of the bride, bore the ring. The bride was becomingly attired in a going-away gown of mode blue with hat to match, and carried a shower cluster of pink sweet peas and maidenhair ferns. They have gone to Coronado on their honeymoon, and on their return will be at home at No. 123 Ingraham street, after October 1.

This popular young bride was honored with numerous social affairs, previous to her marriage. On Saturday her sister, Mrs. J. W. Monahan of No. 613 South Burlington avenue, entertained with a miscellaneous show-er for her. The home was decorated in pink and white blossoms and ribbons, and a charming bit of the afternoon was the presentation of the gifts to the honoree by little Master Robert Monahan, dressed as a dimpled Cupid. His fascinating dimpled softness was encased in a filmy gauze dress of pink, and pink gauze wings clapped from his round shoulders. The doorbell rang and Miss Nance opened it to discover the sweet messenger with a fancy basket of pretty things for her of his fair arm.

Guests were: Misses Adele Spencer, Clara Boobyshel, Bertha Boobyshel, Germa Vandervoort, Maude Bonnell, Alice and Bertha Walker, Elizabeth and Emma Kerr, Helen Gibbs, and

porch of their beautiful new home, which made it seem more like a picnic. Those present were: Mrs. C. M. Buck, Mrs. J. T. Atkins, Miss Marie Green, Mrs. G. W. Evans and two children; Mrs. R. F. Atkins, Mrs. C. M. Neeley, Mrs. J. A. Roove, Charles Atkins, Mrs. R. N. Berry, Mrs. A. G. Pike, Mrs. G. D. Gilmore, Mrs. G. R. Ellis and Mrs. Petticrew. Mrs. S. A. Armstrong, Mrs. George Hancock, Ole Ward, Harriet Con, George Hancock, Oella Cort, Pearl Eikon, Mr. Henry and little Miss Neeley.

**Surprise Wedding at Island.**  
Mrs. Virginia Metzger chaperoned a little party at Avalon, Catalina, for a few weeks, and during the visit, her son Joseph Metzger and Miss Jean Husted surprised their friends by slipping away to the little Congregational Church at Avalon, and being married. Rev. Williams officiated, and

ments were served by the light of candlelamps, after which games were played.

**For Miss Le Doux.**  
In honor of Miss Josephine Le Doux, whose engagement to John R. Kirkpatrick has recently been announced, Mrs. Charles B. Bergin will entertain this afternoon with a pack-age shower for a number of her girl friends. Miss Le Doux is receiving much social attention now, and on Thursday evening Miss Helen McCutcheon of Budlong avenue will entertain with a dancing party for the popular young couple.

**CAPITAL \$10,000,000**

**Half the Stock--Five H**

The greatness of the copper deposit in the London property, its enormous magnitude, its astounding money value, has been clearly set forth in the expert's report printed in the Los Angeles Times of Tuesday, July 16.

That report indicates a calculable volume of 225,000 tons of smelting ore in the property as a reliable resource. It also states that 8,000,000 tons are already blocked out that will net three times the full capitalization of the company.

Therefore we have the ore.

The smelting, converting, transporting and marketing of the ore are now being designed preparatory to erection.

What we expect to earn on each 5000 shares of common stock at \$6.00 per share:

Smelting 1000 tons of ore daily.

Price of copper, 18 1-8 cents per pound (the average for twenty years.)

Cost of producing copper, 7 1/2 cents per pound.

Earnings on above basis—20 per cent. on par.

Earnings on above basis—33 1-3 per cent. on \$5.00 shares par, \$50,000, earns \$10,000 per year.

If copper rules at 17 1/2 cents per pound (the mean price for twenty years,) the average for twenty years,) the earnings on this basis—34 per cent. on par.

Earnings on this basis—37 per cent. on \$6 per share, 5000 shares par, \$50,000, earns \$17,150 per year.

The present price of copper is 22 1/2 cents per pound.

## The London - Arizona Copper Company

**Par Value of

*Organized Under the Laws of Arizona*

**Half the Stock--Five Hundred Thousand Shares--Donated to the Treasury to Provide Working Capital  
All the Stock Fully Paid and Non-Assessable**

The greatness of the copper deposit in the London-Arizona property, its enormous magnitude, its astounding money value, has been clearly set forth in the expert's report printed in The Los Angeles Times of Tuesday, July 16.

That report indicates a calculable volume of 225,000,000 tons of smelting ore in the property as a reliable resource. It shows that 1,000,000 tons are already blocked out that will net \$30,000,000 three times the full capitalization of the company.

Therefore we have the ore.

The smelting, converting, transporting and mining plants now being designed preparatory to erection.

What we expect to earn on each 5000 shares of London-Arizona at \$6.00 per share:

Smelting 1000 tons of ore daily.

Price of copper, 18 1/2 cents per pound (the average price twenty years.)

Cost of producing copper, 7 1/2 cents per pound.

Earnings on above basis--20 per cent. on par.

Earnings on above basis--33 1/3 per cent. on \$6 per share.

5000 shares par, \$50,000, earns \$10,000 per year.

If copper rules at 17 1/2 cents per pound (the mean between the present price and the average for twenty years,) the

Earnings on this basis--34 per cent. on par.

Earnings on this basis--57 per cent. on \$6 per share.

5000 shares par, \$50,000, earns \$17,150 per year.

The present price of copper is 22 1/2 cents per pound.

Earnings on this basis--51 1/2 per cent. on par.

Earnings on this basis--86 per cent. on \$6 per share.

5000 shares par, \$50,000, earns \$25,750 per year.

When we are smelting 2000 tons daily, these figures double, and on 3000 tons daily they treble.

What will be the market value of the stock figured on a 10 per cent. basis?

When earning 20 per cent.--Value \$20 per share.

When earning 34 per cent.--Value \$34 per share.

When earning 51 1/2 per cent.--Value \$51.50 per share.

Against the cost of \$6 per share on the first offering.

When we are smelting 3000 tons daily with copper ruling at 17 1/2 cents per pound.

Earnings would be \$10,293 or 102 per cent. on par, but on \$6 per share equals 170 per cent.

On a 10 per cent. basis the market value of the shares would be \$102 per share.

5000 shares at \$6 per share, cost ..... \$ 30,000  
5000 shares at par, \$10, equals ..... 50,000  
5000 shares at \$102 equals ..... 510,000

Do these figures of estimated profits stagger your belief? Probably they do if you haven't been familiar with the great profits earned by the larger copper properties of the world, but our estimates are far within the actual results produced by such great copper properties as the Rio Tinto, the Calumet and Hecla, and the Copper Queen, the Calumet and Arizona, and the United Verde

of Arizona.

The Calumet and Hecla are this year paying 666 2/3 per cent. on cost of the stock to first subscribers, and has paid an average of 250 per cent. a year for thirty-five years.

The Copper Queen is earning, net, 600 per cent. on par value.

The United Verde, 200 per cent.

The Calumet and Arizona is paying 200 per cent. on par value, but is earning 400 per cent. Its dividends are now 333 1/3 per cent. on the cost of the stock to first subscribers five years ago, which was the same as ours--\$6 a share.

What will 5000 shares of London-Arizona cost, and what are the terms of payment?

5000 shares at \$6 per share cost \$30,000, par \$50,000.

Payments--

August first, 1907 .....	\$5,000.00
September first, 1907 .....	5,000.00
October first, 1907 .....	5,000.00
	<hr/>
	\$15,000.00
April first, 1909 .....	15,000.00
	<hr/>
	\$30,000.00

It is almost certain that a part of the last payment will be canceled by a dividend, and possibly all, if copper holds to its present price.

ARRANGEMENTS FOR FACTORY ABOUT CONCLUDED.

Australian and Man from Los Angeles Are the Ones Chiefly Interested in the Enterprise—Claim to Have Process for Extracting Unusually Large Proportion of Oil.

SANTA ANA, July 16.—The Merchants and Manufacturers Association has about completed arrangements for a new factory here, the fourth promised within the last four or five weeks. The latest is an olive oil factory and the firm behind it is the French American Olive and Fruit Company, incorporated in Los Angeles on July 2. The two men most interested in the factory are Peter E. Maggini of Australia and Ira Van March of Los Angeles. There are two acres of olive trees in this county, Maggini has a patented process by which he extracts forty-eight gallons of oil from a ton of olives, the process now in use here bringing out only about twenty-five gallons. Attorney Victor Montgomery, who has one of the finest olive orchards in the state, is working with the new firm. His trees have produced three tons of olives per acre. From by-products it is proposed to make soap and caustic soda. The seeds will be utilized for fuel.

ALL FOR A SUIT CASE.

Having committed a theft, so it is alleged, while under the influence of liquor that he was unable to remember the next day, Cleve Welch has gone to Mexico to escape arrest. Last Saturday night at Victorville, Beach took a suit case from George T. Crisp's buggy and placed it in the trunk of his car. Crisp, who was driving the car, saw Welch do this and saw him get into the car. Welch was seen to get into the car and was seen to get out of the car. Welch was seen to get into the car and was seen to get out of the car. Welch was seen to get into the car and was seen to get out of the car.

CHARGES CONSPIRACY.

In a complaint filed today Mrs. Magdalena F. Jensen charges that her husband, C. Jensen, from whom she is also seeking divorce, conspired with Jacob Miller and J. Barr to defraud her out of a ranch bought from the Stearns Ranch Company with money said to have been realized in 1901 from the sale of Riverside property belonging to Mrs. Jensen. Mrs. Jensen alleges that her husband, C. Jensen, defrauded her out of a ranch bought from the Stearns Ranch Company with money said to have been realized in 1901 from the sale of Riverside property belonging to Mrs. Jensen.

SANTA ANA NOTES.

A. H. Hovatt brought suit today against Gustav Spingath of Orange to compel him to furnish him irrigation water for his berry patch. Hovatt alleges in his complaint that he bought the berry ranch from Spingath on a contract that Spingath would furnish the water. He says that Spingath has failed to do so and has left the berry patch helpless for want of irrigation.

WEDDING PLANS CHANGED.

BERNARDINO, July 16.—Miss Elizabeth Neal of Redlands was married yesterday afternoon at Santa Ana to Richard Dudley Van Dusen, manager of the packing house here. The wedding was held at the home of the bride's parents, Mr. and Mrs. Van Dusen. The ceremony was performed by Rev. J. H. Hovatt. The bride was attended by her mother, Mrs. Van Dusen. The groom was attended by his brother, Mr. Dudley Van Dusen.

(SPECIAL CORRESPONDENCE.)

CORONA, July 16.—Jim Jeffries, with Mayor Harper, Coroner Lanterman, Police Commissioner Woodfill of Los Angeles, Fred Miller, E. W. Hopperstead, P. B. Roy and Harry Bort, also of Los Angeles, and Jotham Bixby, Jr., of Long Beach, form a party on a hunting expedition in Temescal. They came by auto yesterday, and are making their headquarters at the Bixby ranch, Temescal. They made a good bag of doves yesterday, and were in the mountains after deer today.

GAVE HIM A BODYGUARD.

Pearful of being murdered by the Hop Sing tong, Lee Lem asked for protection from the police about 10 o'clock last night, when he was released after being held at the City Jail for three days on suspicion. Lem declared that he dare not go near Chinatown unless accompanied by an officer. Patrolman Harrison was detailed to take Lem to his place of business. Lem was arrested by the police on the belief that he was indirectly implicated in the shooting which occurred in Chinatown Saturday. It was supposed that Lem had furnished part of the money with which to import highlanders from San Francisco to the killing which was undertaken. His connection with the affair was investigated but no evidence could be found against him.

Women Avoid Operations.

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

Lydia E. Pinkham's Vegetable Compound.

Made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N. Y. She writes: "Dear Mrs. Pinkham—Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble, and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years."

My Fees Are Ever the Lowest.

Every fee I ask is a fair one—absolutely fair. The fact that I cure my patients and cure them soundly and permanently doesn't add to the cost of my services. You pay me for thoroughly safe, reliable and scientific treatment just about what the average specialist asks for the other kind, and payments can be arranged to suit your convenience. My practice is large. It is the largest of its kind anywhere in the West. It has grown to be the largest through exceptional ability and absolute fairness in treatment.

Not a Dollar Need Be Paid Until You Are Cured.

Contracted Disorders. No cure for you is thorough. Not one of my patients has ever had a relapse after being discharged as cured. I cure in less than the ordinary time of treatment.

What Weakness Is and How to Cure It.

Weakness and urinary losses are mainly symptoms of chronic inflammation of the prostate gland, brought on by early dissipation or by the insidious treatment of some contracted disease. A complete and radical cure is therefore a question of restoring the prostate gland to its normal state, and this I accomplish promptly and completely without the use of internal remedies. My treatment is a local one entirely, it is original and scientific, and has been proved absolutely effective by thousands of men. I am convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.

I Want to Talk to You.

I want all men to know that no matter what disease they are afflicted with, nor what has caused it, I have a sure cure for them, and one that is permanent. I have specialized on the following disorders, and have yet to see one of them I cannot master. I treat successfully VARICOCELE, BLOOD POISON, UNNATURAL DISCHARGES FROM THE URETHRA, STRICTURE, PROSTATITIS, "WEAKNESS," LOST MANHOOD, IMPOTENCY, CHRONIC DISEASES OF THE LIVER, STOMACH, KIDNEYS AND BLADDER.

Men With Private Disorders Will Find My Treatment for Their Troubles the Surest, Safest and Quickest.

I particularly want to talk to men who, from the follies of youth, are now paying the penalty in broken down health and strength. You will get the right kind of sympathy from me. I will not exaggerate your trouble. If you do not require treatment I will tell you so. I have treated so many men for secret ailments that I understand them thoroughly. I do not ask you any foolish or embarrassing questions. You can come to me with confidence. A fifteen minute talk will convince you that I know my business, and that you will receive at my hands what you so much desire—a cure of your every ailment, and, best of all, it will be permanent and lasting.

DELAYS ARE DANGEROUS.

Now, don't delay. Come and see me at once. You know that every day you leave your trouble unattended there is a chance of other complications arising which might cause you untold misery and make it more difficult to cure.

Varicocele Cured 4 to 6 Days.

Many men suffer from varicocele and have many times been treated without satisfactory results. I want to say to all such that my treatment, properly applied, will cure you in 4 to 6 days, and the cure will be permanent.

Functional Decline.

Termed Weakness by Some. The success I have had in restoring functional derangement has been a great surprise to many who have met with failure in former treatment. It is right treatment applied in the right way that brings the satisfactory results. By my direct method all inflammation is removed and free, healthy circulation is established.

Contracted Disorders.

Failure to quickly cure these conditions is due to harsh medicines which are the direct cause for chronic conditions. My treatment is most cleanly and perfect. I cure Rectal, Kidney and Bladder Troubles, Piles, Fistulas, Blood Diseases, Wasting, Nervous and Chronic Conditions, causing functional derangement, impairing strength and vitality.

who suffer from sleeplessness, headache, or pain will find relief by taking Dr. Miles' Anti-Pain Pills.

They are quick in action, relieving headache in a few minutes, while nearly every other form of pain yields to their soothing influence. A great many women have found that a few carried with them, insures immunity from suffering.

"I am one who has suffered for 19 years every month. For several years I took doctors' medicine, until I gave up to suffer until death. One day when I was in great pain, Mr. Miles' Anti-Pain Pills. At first I refused them but he insisted on my giving them a trial, and I must say they are the only thing that I ever took that relieved me without putting me to sleep. Last August I began to use them and they have kept me from suffering since. I have only one pill this month. I recommend them to every woman who has pain. They can be used without pain if they will take Dr. Miles' Anti-Pain Pills."

### SAVES TRIP TO GALLOWES.

t. Louis Man Who Murdered His  
Aunt and Robbed House Pleads  
Guilty.

(BY DIRECT WIRE TO THE TIMES.)  
ST. LOUIS, July 16.—[Exclusive Dis-  
patch.] Edward Bergmann, slayer of  
his wealthy aunt, Mrs. Kate Quern-  
heim, wife of a hardware merchant,  
facing his head as he pleaded guilty  
yesterday to the murder of his aunt,  
second degree today, and received a  
life sentence of ninety-nine years.

"You probably have saved yourself  
from a trip to the gallows by pleading  
guilty," said Judge Bink, addressing  
Bergmann after the sentence had been  
pronounced.

Bergmann beat, kicked and stamped  
to death his aunt four months ago at  
her home, No. 3720 West avenue. He  
robbed her body of jewels and the  
contents of her pockets. He escaped and  
after a recaptured a month ago at a small  
town in Illinois. He is a former soldier.

#### Lowest Birth Rate.

The lowest birth rate is possessed  
by France, the births only averaging  
1900 of the population, and when  
the fact that its death rate is as  
small as 19.4 in 1000 is considered,  
the small increase in the total popula-  
tion is a steady one.
